Re: ***Request for Submissions for the South Dakota Law Review Symposium Edition;  
"Economic Development in Indian Country: An Exploration of Policy, Law, and Culture"***

---

Dear Professor:

The South Dakota Law Review is pleased to announce "Economic Development in Indian Country: An Exploration of Policy, Law, and Culture" as the symposium issue topic for Volume 54.

The Editorial Board invites the submission of abstracts on any aspect of policy or legal research encompassed by the symposium topic. The symposium edition will encompass diverse areas of Indian law and policy related to economic development. The South Dakota Law Review believes the symposium edition would greatly benefit from your contribution.

To submit an abstract for consideration, send an electronic copy of the work to [Derek.Nelsen@usd.edu](mailto:Derek.Nelsen@usd.edu) by July 20, 2008. All abstracts must contain original, unpublished work.

Please do not hesitate to contact me with any questions. Also, please feel free to share this request for submissions with interested colleagues.

Sincerely,

Derek Nelsen  
Associate Editor, Vol. 54  
South Dakota Law Review
