*Re: Request for Attorney General Opinion*

Dear Attorney General Cox:

I am writing to request an official Opinion of the Attorney General due to questions raised regarding the Indian Tuition Waiver Program and whether it is affected by the recently enacted Proposal 2, known as the Michigan Civil Rights Initiative.

Specifically, is the Indian Tuition Waiver Program affected by Proposal 2? If so, how is the program affected?

Thank you for your time and attention to this matter. If you need further information or clarification, please contact my office at 517.373.0822.

I remain,

With best regards,

Michael G. Sak  
Speaker Pro Tempore  
Michigan House of Representatives  
Grand Rapids
