Narrative Title: Report of Apprehension or Seizure

On 01/23/2012 Border Patrol Agents Mark Jones, Mathew Miller, and I, Daryl Zook, were operating a Border Patrol Checkpoint along Highway 37 in Waddington, NY. At approximately 11:00 AM I observed a westbound tractor trailer bearing NE license plate 157583 approach my position at primary.

When the tractor trailer stopped at primary, I asked the driver, later identified as William Michael Cagle, DOB [REDACTED] COC United States, what he was hauling in the trailer. Cagle replied that he was hauling cigarettes.

I asked Cagle where he picked up the cigarettes. Cagle stated, "the reservation in Hogansburg."

I have worked at the Ogdensburg, NY Border Patrol Station for 4 years. During this time I have witnessed many untaxed cigarettes being transported illegally from the Akwesasne Indian Reservation. Due to the above circumstances, I told Cagle to park his truck in the secondary inspection area for further investigation.

I asked Cagle if I could inspect the contents of the trailer. Cagle replied "yes." The trailer was sealed with a seal, ULINE 258929, which I removed to gain entry into the trailer.

Further inspection revealed that Cagle was transporting 432 cases of untaxed cigarettes and 72 bags of pipe tobacco from the Akwesasne Indian Reservation in NY to Winnebago, NE.

A Border Patrol K-9 search of the truck and trailer was performed by Agent Jake Fry and his K-9 Biaky. This search for persons and narcotics was negative.

NY State Police Trooper Jason West was at the checkpoint with us. I advised Trooper West of the contents of the truck. Trooper West advised us that the State Police were willing to seize the untaxed cigarettes and pipe tobacco.

Steve Dickey of the ATF was notified at 12:20 PM. The ATF declined to seize the untaxed cigarettes and pipe tobacco.

Mario Fiacco of HSI was notified at 1:00 PM.

At 1:00 PM I released the truck, trailer (NE trailer license plate 209826) and all contents of cigarettes and pipe tobacco, and the operator to State Police Trooper Jason West.

WILLIAM M. CAGLE

I am an over the road truck driver. I currently work for D & T Truck Transporters, Fremont, Nebraska. I have worked for D & T for approximately 14 months. For the past 5 months I have been making a run from Winnebago, Nebraska to Mastic, New York. I transport cigarettes from the Winnebago Indian Reservation to Mastic, New York, which is located on Long Island. I believe the name of the place I deliver the cigarettes to in Mastic, New York is the Poospatuck Indian Reservation. I've made this run once a week for the past 5 months, and I always deliver on Sunday mornings at 8:00AM. Approximately 75% of the time, I continue north in New York and deliver more cigarettes that I brought from Nebraska, to Mohawk Distribution in Hogansburg, New York, on Monday mornings. Approximately 25% of the time, I go to a ware house on the Frogtown Road, and pick up cigarettes to bring back to Winnebago, Nebraska. When I leave Winnebago, Nebraska and head north to New York the trailer is always about 50% full. When I head south from New York, back to Winnebago, Nebraska

[Signature]

the trailer is 75% to 100% full. I am only the driver of the truck and I have no financial interest in the load at all. - (END OF STATEMENT) *[Handwritten signature]*

<p>While assisting with operations, at a United States Border Patrol checkpoint, on State Route 37, in the Town of Waddington, at the Long Sault Dam access road, a tractor-trailer approached the checkpoint. United States Border Patrol Agent Daryl Zook was running primary inspection area of the checkpoint. USBP Agent Zook directed the tractor-trailer operator, WILLIAM M. CAGLE, DOB [REDACTED] into the secondary inspection area. CAGLE told USBP Agent Zook he was transporting cigarettes out of Hogansburg, New York. CAGLE provided a Bill of Lading, which itemized the freight on board as 25,920 cartons of untaxed Signal cigarettes, 240 cartons of untaxed Signal Filtered Cigars, and the 72 bags of untaxed Signal pipe tobacco, for a total of 26,232 pieces of freight. CAGLE stated he was not a licensed agent of the Department of Tax and Finance. I then verified CAGLE was indeed carrying untaxed tobacco products.</p> <p>The Bill of Lading itemized the freight as:</p> <ul style="list-style-type: none"> - 2,880 Cartons of Signal FF KS Box - 2,880 Cartons of Signal Smooth KS Box - 1,440 Cartons of Signal ULT Smooth KS Box - 1,440 Cartons of Signal Men KS Box - 1,440 Cartons of Signal Men Smooth KS Box - 5,760 Cartons of Signal FF 100 Box - 5,760 Cartons of Signal Smooth 100 Box - 1,440 Cartons of Signal ULT Smooth 100 Box - 1,440 Cartons of Signal Men 100 Box - 1,440 Cartons of Signal Men Smooth 100 Box - 120 Cartons of Signal Filtered Cigars FF 		

- 120 Cartons of Signal Filtered Cigars Smooth
- 72 Bags of Signal Pipe Tobacco - Classic

A copy of the Bill of Lading is attached to this report as an enclosure. (Enclosure # 1)

The tractor-trailer, containing the untaxed tobacco products, was driven to SP Ray Brook by Trooper Robert Klimowicz, where it was secured as evidence.

I transported CAGLE to SP Ogdensburg, where he was interviewed by Investigator Timothy J. Peets. Investigator Peets advised CAGLE of his Miranda Rights, he stated he understood his rights, and he agreed to speak without an attorney present for the interview. CAGLE stated he was employed by a company named D&T Truck Transporters, located in Fremont, Nebraska, and he has worked for the company for about 14 months. CAGLE stated he has been delivering cigarettes from the Winnebago, Nebraska Indian Reservation to the Poospatuck Indian Reservation, Mastic, New York, located on Long Island, once a week, for the past five months. CAGLE stated he always delivers on Long Island on Sunday mornings, at 8:00AM. CAGLE stated after he makes his delivery on Long Island, about 75% of the time, he continues north in New York, to Hogansburg, New York (the Akwesasne Mohawk Territory), and delivers more cigarettes to Mohawk Distribution, LLC (which is located on ST-37, across from the Akwesasne Mohawk Library). CAGLE stated he then picks up cigarettes on the Frogtown Road, at the warehouse located next to the Hart to Heart Fitness Center, approximately 25% of the time. CAGLE stated the trailer is always about 50% full when he leaves Winnebago, Nebraska, and is about 75% to 100% full when he transports cigarettes back to Winnebago. CAGLE stated he is only the driver of the tractor-trailer, and has no financial interest in the freight. A Voluntary Statement was secured from CAGLE, and a copy is attached to this report as an enclosure. (Enclosure # 2)

While at home, Investigator Peets received a telephone call via his division cell phone, from JOSEPH MESSINEO, [REDACTED] who stated he was an attorney representing HCI Distribution Inc., 701 Buffalo Trail, PO Box 722, Winnebago, Nebraska 68071, the owners of the cigarettes which were seized. MESSINEO wanted to know under what authority was the cigarettes seized, and when they would be released. Investigator Peets advised MESSINEO his contact information would be passed on, and he could call back on 01/24/2012.

Lance Morgan: PACT Act a hidden power grab for states

FRIDAY, MARCH 12, 2010

Filed Under: Opinion

The US Constitution has what is known as the Indian Commerce Clause. It basically states that Congress has the power to regulate commerce with Indian Tribes. Unfortunately, Congress just outsourced that power to the states.

On Thursday night, the US Senate passed what is known as the PACT Act, without even taking a vote. It was by unanimous consent. All Indian Country needed was one US Senator to object, but no one stepped up.

The PACT Act does several things. Mainly it prevents the post office from shipping Internet tobacco products, which for some tribes is big business. However, it does something else that isn't so clear. It gives the states the power to enforce what is known as the Jenkins Act, a federal law, against tribal economic interests.

Giving the any state the power to enforce a federal law against a tribe is wrong and sends chills up my spine. To be blunt the states have proven over and over again that they can't be trusted. Their greed always kicks in at some point and they use the law to rationalize it.

But the PACT Act is particularly tricky. There is a portion of the PACT Act that is intended to make tribes feel better. It clarifies that the new law doesn't impact Tribal sovereignty. Well that is nice of them until you realize what game the states have been playing the last 20 years.

States rarely attack Tribes directly on economic issues because they largely can't make us do anything. What they do is attempt to get their way indirectly by controlling those who deal with Tribes. "Don't sell that to the tribe without state tax or we will take your license and throw you in jail" is surprisingly effective on non-Indians.

Interestingly, the US Supreme Court gave them idea in 1990's when it made the helpful suggestion to states that they move the "legal incidence" of tax upstream economically to those who sell to tribes. This system was further endorsed in 2005, when the court ruled that the downstream economic effects of state tax laws on tribes don't matter. The states have been using this playbook to isolate tribes economically ever since.

But the Tribes' are not stupid! In the tobacco industry, the Tribes have been selling directly to each other in what is the modern day emergence of Tribe-to-Tribe commerce. When one tribe sell to another tribe, they are much more likely to ignore the state laws and their threats.

States hate the emergence of Tribe-to-Tribe commerce because it forces them to confront tribes who are acting under tribal law on tribal land. Enter the PACT Act. The Pact Act protects tribes, it says so right in the law. But it doesn't protect those who sell to Tribes. In fact, it requires all sales to Tribes to be reported to the state and if it isn't reported then the state can sue you in federal court for a felony violation of the Jenkins Act.

Just when you think it can't get any worse, it does. The Tribes can't win with this law. About 10 years ago most states entered into what is called the Master Settlement Agreement ("MSA"), with big tobacco companies. The states basically became partners with the tobacco companies by doubling the price and agreeing to split it amongst themselves. Tribes get nothing under this settlement, but the state is required to diligently enforce it against tribes or the Marlboro Man will withhold payments, which he is threatening to do right now if the states don't crack down on Tribes.

The Jenkins Act is a simple law. All it really does is require you to notify the state if you ship tobacco products into that state. However, states have enacted a series of laws around the MSA and they plan to use the information required to be reported regarding tribal sales to no doubt sue those who sold to the tribes for MSA payments. The same MSA payments they won't share with Tribes.

So basically, if you sell to a Tribe and don't report you get sued. If you report your sales to the tribe, then you get sued under a different law. The only way you don't get sued is if you give the state an extra \$4.50 per carton and even then the state can blacklist the native tobacco product and declare it contraband. This is especially helpful in protecting Marlboro's market share, upon which the MSA payments are calculated.

This is so about money. It is about taking money away from us and protecting the state's money and the Marlboro Man's market share. Unfortunately, it is also a way to kill intertribal commerce and a way to continue the playbook of controlling tribes economically by threatening those who deal with Tribes.

I know I am right on this because if the PACT Act was serious about protecting Tribes, then it would have allowed tobacco sellers to report their sales directly to the Tribe, and not just to the state. This could have been done by simply adding the words "or Tribe" to the Jenkins Act. But the PACT ACT instead just requires that the feds and the states share their information with the Tribes, which is essentially a meaningless gesture because we will no longer have any tax income to protect now that the PACT Act is passed.

This PACT Act passed today, actually while I was writing this column. I was going to say contact your Senator, but not one of them stepped up to object. Dozens of tribes and several tribal organizations objected to this law and we couldn't even get a hearing scheduled. In the world of Washington, DC we are reminded once again of our worth. So it comes down to Obama. He is an adopted Crow and he

says all the right things, but this is real and not the campaign trail. So it will be interesting to see how he reacts when the rhetoric is tested against the reality of supporting tribes. Maybe someone should start calling the White House!

December 7, 2010

Greetings HCI Distribution NY Customers:

We hope this letter finds you in good health and spirits. It's getting close to the end of another year of fighting for economic development and Tribal Sovereignty. You have all been great to work with and we hope that you have been prosperous in your efforts to generate financial resources for your People and Nation. We applaud your courage to maintain your Tribal Sovereignty and pursuit of economic development in the face of persistent state aggression. You are up against a "giant bully", yet, you "endeavor to persevere" and continue to be successful by being creative and intelligent. Indian Country is watching and we hope that all Tribes become united in this effort, because whatever happens to the Tribes in NY, regarding taxation issues by the state, the same will happen to the rest of the Tribes in the U.S. HCI Distribution is with you all the way and we are also involved in this "fight for Tribal Sovereignty" on a multitude of levels. Keep up the good fight and so will we.

Because of NY State's aggression towards Tribes, we have been asked by one NY Tribe to refrain from selling any major brands to their Nation's retailers. The state is monitoring and documenting every detail regarding the sale of "untaxed" cigarettes to NY Tribes, including suppliers. **Our Management Team has made the decision to not sell ANY Major Brands to any Tribes in NY, effective immediately.** We apologize for this inconvenience but it might be a good strategy for some of us. We are not "caving in" to the state, rather, we don't want to jeopardize our ability to supply our NY partners with product. We, too, have had to become even more creative regarding a variety of distribution issues, including transportation.

HCI Distribution is now the Importer of the Seneca brands and products into the U.S. We should have a consistent supply of product unless we experience a manufacturing, transportation or other unexpected problem, which, from time to time, occurs.

HCI Distribution appreciates your participation in our "Native Tobacco Supply Chain", which is, in essence, a *family* of Native business people working together towards an end, which is economic development and Tribal Sovereignty. Each link in our "chain" is battling for our very existence and even in the face of insurmountable odds, we continue to survive and progress. We are in this together. If there is anything we can do to assist any of our partners, please ask us. We will definitely do our best to help in any manner that we can. May our Creator continue to be with all of us. Pinigigi!

Sincerely,

Vince Bass, Sales Manager

Dear Valued Customer,

This letter is to inform you, that effective immediately, there will be a **\$30.00 NSF fee** for any rejected ACH's. Upon the third rejected ACH we will no longer draft your account and you will then be responsible to prepay for product before delivery on Friday.

I have noticed that it is sometimes easier if you (our customer) wire the money to our account. I will give you until **Thursday (before delivery on Friday) to have the payment to us whether through wire, cashiers check or money order.** If payment does not hit our account by Thursday prior to delivery your order will be held until the following week. Arrangements may be made to deliver a held order before Friday but it cost an additional \$150 which you will then be responsible for.

If you would rather wire us the money please call Jaime or myself and we can send you our account information. If you have any questions please don't hesitate to call me I want this to run as smoothly as possible.

Have an Awesome Day!

November 15, 2010

Dear Valued Customer;

The holidays are upon us which means we have to adjust our schedules. We at HCI Distribution will be closed November 25th & 26th so that our employees may spend the holiday with their families.

The week of Thanksgiving the scheduled delivery date will be for Saturday the 27th instead of Friday the 26th.

As far as I know we are on schedule for Christmas and New Years since they fall on the weekend. If anything changes I will let you all know.

If you have any questions please feel free to call me

Happy Holidays!
