

UNITED STATES DISTRICT COURT  
WESTERN DISTRICT OF WASHINGTON  
AT SEATTLE

UNITED STATES OF AMERICA, et al.,

Plaintiffs,

v.

STATE OF WASHINGTON, et al.,

Defendants.

No. C70-9213 RSM

Subproceeding No. 09-01

PRETRIAL ORDER

**JURISDICTION**

The Makah Tribe states that jurisdiction is vested in this Court by virtue of 28 U.S.C. §§ 1331 and 1362, and the Court's order on continuing jurisdiction. *See U.S. v. Washington*, 384 F. Supp. 312, 399, 419 (W.D. Wash. 1974). The State of Washington ("State") agrees with Makah's statement on this point.

Quileute and Quinault disagree that this Court has jurisdiction over this dispute. For the reasons stated in Quinault and Quileute's Motion for Summary Judgment, Dkts. 251-253 (12/2/2014) and briefing to the Ninth Circuit, Quinault and Quileute maintain that the Court's order on continuing jurisdiction does not apply to federal waters, which are outside the case area, and that their sovereign immunity bars Makah's Request for Determination.

**CLAIMS AND DEFENSES**

Makah intends to pursue its request for a determination of: (a) the western boundaries of Quinault and Quileute's usual and accustomed fishing grounds in the Pacific Ocean; and (b) the northern boundary of Quileute's usual and accustomed fishing grounds in the Pacific Ocean, to the extent not specifically determined in Final Decision # I.

As an Interested Party, the State asserts no independent claim for relief, but takes a position on the relief requested by Makah because it involves the determination of Quileute and Quinault's claim to usual and accustomed fishing grounds, a determination that will affect the State's interests. The State generally concurs with Makah's request for judicial resolution of the western boundaries of Quinault and Quileute's usual and accustomed fishing grounds and stations in the Pacific Ocean. The State has no plan to introduce evidence addressing the Makah's request to determine the northern boundary of the Quileute's usual and accustomed fishing grounds. Other Interested Parties may participate in accordance with the Court's "Order of Clarification..." (Nov. 13, 2014, Subproceeding 09-1, Dkt. No. 247). The interested parties in this subproceeding that have signed this proposed pretrial order are the Port Gamble and Jamestown S'Klallam Tribes, Squaxin Island Tribe, Tulalip Tribes, Skokomish Tribe, and the State of Washington.

Depending on the Court's ruling on the pending motions for summary judgment submitted by Makah and by Quinault and Quileute, Quinault and Quileute may pursue the affirmative and equitable defenses of sovereign immunity, judicial estoppel, laches, and acquiescence at trial. Quinault and Quileute also contend that certain factual assertions made by Makah and certain Interested Parties in judicial proceedings are judicial admissions which bar in whole or in part the arguments and evidence that these parties intend to present.

1 Although Quileute is not the initiating party and as such contends that it should not be  
 2 required to prove its federal-water treaty fishing area in this case, Quileute contends that at  
 3 treaty times, the northern boundary of its usual and accustomed treaty fishing area was north of  
 4 Tatoosh Island, extending to Swiftsure and La Perouse banks. Quileute contends that at treaty  
 5 times, the western boundary of its usual and accustomed treaty fishing area was upwards of 50  
 6 miles offshore.

7 Although Quinault is not the initiating party and as such contends that it should not be  
 8 required to prove its federal-waters treaty fishing areas in this case, Quinault contends that at  
 9 treaty times, the western boundary of its usual and accustomed treaty fishing area was 30 to 50  
 10 miles from shore.

11 The S'Klallam (Port Gamble S'Klallam and Jamestown S'Klallam) assert that if Quileute  
 12 and Quinault contend that they have treaty rights in the above described areas that they must  
 13 follow the process and standards established in this case.

#### 14 **ADMITTED FACTS**

15 The parties were unable to agree on admitted facts.

#### 16 **ISSUES OF LAW**

17 The parties agree that the following is an issue of law to be determined by the court:

- 18 (a) Who has the burden of proof to establish the location of Quinault and Quileute's  
 19 usual and accustomed fishing grounds at issue in this case?

20 However, the parties have differing views on the remaining issues of law to be  
 21 determined by the court. Each party's view is set forth below.

22 *Makah's Views.* Makah sets forth the following additional issues of law to be  
 23 determined by the court:  
 24

1 (b) What are the legal standards for determining the location of usual and accustomed  
2 fishing grounds under the Treaty of Olympia?

3 (c) Can evidence of whaling or sealing be used to determine the location of usual and  
4 accustomed fishing grounds under the Treaty of Olympia?

5 (d) Are the treaty-time activities of people residing at the mouth of the Hoh River or  
6 elsewhere within the Hoh River watershed relevant to the determination of the usual  
7 and accustomed grounds of the Quileute Tribe at issue in this case?

8 *State's Views.* The State does not intend to introduce any issues of law beyond those  
9 identified by Makah.

10 *S'Klallam Views.* The S'Klallam are in the same position as the State on this issue.

11 *Quinault and Quileute's Views.* Quinault and Quileute agree that Makah's issue (b) is  
12 raised in this subproceeding. However, Quinault and Quileute would modify issue (b) as  
13 follows to clarify that the standard to be established relates to challenged U&As located outside  
14 the case area:

15 (b) What are the legal standards for determining the location of usual and accustomed  
16 fishing grounds outside the case area that have been challenged under Paragraph  
17 26(a)(6)?

18 Quinault and Quileute dispute that issue (c) is an unresolved legal issue. They contend  
19 that this issue was conclusively resolved in *U.S. v. Wash.*, 873 F. Supp. 1422, 1430 (W.D.  
20 Wash. 1994), *aff'd in pertinent part*, 157 F.3d 630 (9th Cir. 1998), which determined that the  
21 word "fish" in the Stevens treaties encompassed "all aquatic animals." They further contend  
22 that determination is now law of the case, having been affirmed in relevant part by the Ninth  
23 Circuit. In addition, they contend that the tribal parties are judicially estopped from arguing that  
24

1 “fish” should be construed more narrowly than “all aquatic animals.”

2 Quinault and Quileute dispute that (d) is an unresolved legal issue. They contend that  
3 this issue was conclusively resolved in *Decision I*, findings of fact 38, 39, 104, and 108 and was  
4 affirmed on appeal.

## 22 EXHIBITS

23  
24

1 Makah and the State propose to present all exhibits in electronic format. Quinault and  
2 Quileute concur, with the possible exception of demonstrative exhibits. Exhibit A lists each  
3 party's proposed exhibits and identifies for each exhibit whether there is no objection to its  
4 admission, an objection to authenticity, or an objection to admissibility from Makah, Quileute,  
5 Quinault or the State. Exhibit B lists each party's proposed exhibits and identifies for each  
6 exhibit whether there is no objection to its admission, an objection to authenticity, or an  
7 objection to admissibility from Hoh. Quileute, Quinault and Hoh preserve and maintain their  
8 motion in limine arguments to the extent they apply to any particular exhibit and/or witness and  
9 such exhibits and scope of witness testimony will be governed by the rulings on the motion in  
10 limine or as decided by the Court at trial. The State asserts the Court's order excluding expert  
11 witness reports (Dkt. 247), should apply to all expert reports. Quinault and Quileute disagree  
12 with the intended scope of the State's contention which seeks to exclude reference to Dr. Lane's  
13 reports, which Quinault and Quileute contend is far removed from the Court's order on the live  
14 witnesses in this subproceeding at Dkt. 247. Some interested parties (S'Klallams and  
15 Skokomish) have expressly reserved the right to object to the use of evidence in a manner that:  
16 goes beyond the scope of the subproceeding: is not relevant to a claim or defense; or is purely  
17 prejudicial.

#### 18 ACTION BY THE COURT

19 (a) This case is scheduled for trial without a jury on March 2, 2015, at 9:00AM.

20 (b) Trial briefs shall be submitted to the Court on or before February 25, 2015.

21 This order has been approved by the parties as evidenced by the signatures of their  
22 counsel. This order shall control the subsequent course of action unless modified by subsequent  
23  
24

1 order. This order shall not be amended except by order of the Court pursuant to agreement of  
2 the parties or to prevent manifest injustice.
