Missing Native American Women – HB 2951

BACKGROUND

House Bill 2951 – WSP to conduct a study to increase state criminal justice protective and investigative resources for reporting and identifying missing Native American women in the state.

Convene meetings to consult and collaborate with:

- Tribal and local law enforcement
- Federally recognized tribes
- Urban Indian organizations

Goals:

- Determine the scope of the problem
- Identify barriers
- Create partnerships to increase reporting and investigation

WSP will work with the federal department of justice to increase information sharing and coordinating resources to focus on the reporting and investigating missing Native American women.
