Project: AVCP Subsistence Advocacy Strategic Planning

Project Summary

The Association of Village Council Presidents Natural Resources Department's mission is to protect, maintain, and expand the freedom to control the relationship of our region's people to their natural resources, now and into the future. As part of our mission, we engage in subsistence advocacy on regional, State, Federal, and international levels.

We seek a facilitator to conduct a strategic planning session to assist us in identifying, defining, and prioritizing our involvement in numerous management and co-management bodies, organizations, consultation/testimony activities, etc. and produce a written report. This report will be the foundation for developing a comprehensive subsistence advocacy plan for the AVCP region.

To Submit a Quote and Proposal
