Southeast Alaska Regional Health Consortium seeks an Associate General Counsel. This position is under the direction of the Vice President/Chief Legal Officer (VP/CLO). The core responsibilities of this position include:

- Provides legal advice regarding healthcare-related matters, including federal and state legal and regulatory issues governing the provision of health care, privacy of medical information, risk management, medical staff, employment law, Stark and Anti-Kickback, HIPAA, fraud and abuse laws, and laws related to Medicare/Medicaid.
- Negotiates, drafts, and implements a wide variety of complex, multi-party agreements, including agreements with hospitals, physicians, vendors, equipment manufacturers, software companies, managed care companies, third party payers and employees.
- Manages litigation and disputes, including professional liability, employment, workers' compensation, and general liability cases; interact with and coordinate outside legal counsel, as appropriate. Coordinate responses to governmental compliance inquiries, charges, and complaints; respond to audits and records requests in response to subpoenas and court orders.
- Provides advice regarding enforcement of disciplinary standards and policies for employees, including recruitment, hiring and discharge of employees, licensing, and credentialing of healthcare professionals.
- Coordinates with other attorneys to provide legal advice and counsel to the organization on strategic business matters, including issues relating to real estate matters, affiliations, services agreements, space and equipment leases and other corporate transactions.
- Keeps informed of legislation, trends, issues, and best practices pertaining to assigned areas; review court decisions, proposed legislation, and proposed programs/policies.
- Conducts legal research and analysis and implement special projects as assigned.
