**FIRST AMENDED COMPLAINT FOR
DECLARATORY AND INJUNCTIVE
RELIEF**

Action filed: June 5, 2026
Trial date: None

1 Plaintiff Picayune Rancheria of the Chukchansi Indians (“Picayune”) brings this action to
2 resolve a controversy concerning unlawful tribal gaming on off-reservation lands located in Madera
3 County, California (“Madera Parcel”). Defendants are the North Fork Rancheria of Mono Indians
4 of California (“North Fork”), the United States National Indian Gaming Commission (“NIGC”),
5 and the NIGC’s Chair. Red Rock Resorts, Inc., Station Casinos LLC, and SC Madera Management,
6 LLC (collectively, “Red Rock”) are named as Nominal Defendants.

7 THE CONTROVERSY

8 1. This case arises from North Fork’s long-running efforts to develop a new casino in
9 California. In 2014, millions of California voters rejected North Fork’s proposed casino project.
10 North Fork sought to circumvent the effects of that democratic vote for more than a decade, but a
11 California appellate decision recently confirmed conclusively that North Fork lacks the state-law
12 approval necessary to operate its planned casino lawfully. North Fork appealed to the California
13 Supreme Court, who declined to review. Notwithstanding that the California courts have confirmed
14 a necessary state-law condition is missing, North Fork has announced that it is proceeding with its
15 casino project and continues to take steps to commence gaming activities in the coming months.
16 This lawsuit seeks to prevent that unlawful gaming, thereby giving proper effect to the vote of the
17 People of the State of California and the final decisions of the California courts on matters of state
18 law.

19 2. As background, the Indian Gaming Regulatory Act (“IGRA”), 25 U.S.C. § 2701 *et*
20 *seq.*, generally bars gaming on any Indian lands acquired after 1988, subject to certain statutory
21 exceptions. One such exception, colloquially described as the “two-part determination,” authorizes
22 gaming if the governor of the state in which the proposed gaming activities would take place
23 concurs in the determination by the Secretary of the Interior (“Secretary”) that gaming should be
24 allowed based on factors identified in the statute. 25 U.S.C. § 2719(b)(1)(A).

25 3. In the California courts, including through the California Supreme Court, North
26 Fork long argued that the Governor’s concurrence was valid for a period of time and that it is
27 entitled to carry out gaming under the two-part determination exception. But the California Court
28 of Appeal recently determined, in a published decision, that the concurrence relied upon by North

1 Fork never had any legal effect. *See Picayune Rancheria of Chukchansi Indians v. North Fork*
2 *Rancheria of Mono Indians*, 117 Cal.App.5th 91 (2025). North Fork sought review of that decision,
3 but the California Supreme Court denied review on April 1, 2026. The California courts have
4 therefore conclusively established that North Fork lacks the state-law approval necessary to operate
5 its planned casino.

6 4. Despite the final judgment in the California courts, however, North Fork’s recent
7 statements and conduct clearly and positively indicate that it plans to push forward with its casino
8 project based on two purported authorizations from federal agencies.

9 5. First, North Fork has relied on the NIGC’s 2024 approval of a Management Contract
10 between North Fork and its development partner, Red Rock. In effect, that Management Contract
11 purports to authorize Red Rock, a Las Vegas casino operator, to develop North Fork’s casino and
12 run day-to-day gambling on off-reservation lands. As explained below, however, NIGC’s approval
13 of the Management Contract was unlawful: NIGC could approve the Management Contract only
14 if North Fork is entitled to conduct gaming under IGRA, but North Fork lacks the state-law
15 concurrence necessary to make the planned gaming lawful—as the California courts’ recent
16 decisions make clear. Ninth Circuit law makes clear that the NIGC should reject agreements, like
17 the Management Contract, where they authorize gaming inconsistent with IGRA.

18 6. Second, North Fork has maintained that it is entitled to conduct class III gaming
19 under procedures issued in 2016 by the Secretary of the Interior. 25 U.S.C. § 2710(d)(7)(A)(ii);
20 *see* U.S. Dep’t of the Interior, Secretarial Procedures for the North Fork Rancheria of Mono Indians
21 of California (Jul. 29, 2016) (“Secretarial Procedures”). Those Secretarial Procedures, however,
22 provide that North Fork may conduct class III gaming only “on *eligible* Indian Lands held in trust
23 for the Tribe . . . and on which Class III Gaming may lawfully be conducted under IGRA.”
24 Secretarial Procedures § 4.2 (Authorized Gaming Facility) (emphasis added). North Fork cannot
25 meet that requirement because it lacks the necessary state-law concurrence. Picayune therefore
26 seeks an injunction enforcing the Secretarial Procedures and barring North Fork from proceeding
27 with unlawful gaming activities that would substantially harm Picayune and its members.
28

PARTIES

7. Picayune is a federally recognized Indian tribe located near Coarsegold, Madera County, California. Picayune is the beneficial owner of the Picayune Rancheria in Madera County, California. Picayune owns and operates the Chukchansi Gold Resort and Casino on its Rancheria lands. Picayune conducts class III gaming at the Chukchansi Gold Resort and Casino in compliance with IGRA.

8. Defendant North Fork is a federally recognized Indian tribe organized under the provisions of the Indian Reorganization Act, 25 U.S.C. § 5123, and a written constitution that has been approved by the Secretary, which designates the North Fork Tribal Council as the governing body of North Fork. North Fork is also the beneficial owner of the North Fork Rancheria in Madera County, California. In March 2005, North Fork submitted a fee-to-trust application to the Bureau of Indian Affairs within the U.S. Department of the Interior, requesting that the Department take into trust a 305-acre parcel in Madera County (the “Madera Parcel”) for North Fork’s benefit. The federal government took the Madera Parcel into trust in or around February 2013. North Fork has proposed the development of a massive class III gaming and entertainment facility, the North Fork Mono Casino & Resort (the “North Fork Project”), on the Madera Parcel.

9. Defendant NIGC is an independent federal agency within the Department of the Interior, established and organized pursuant to IGRA. The NIGC has statutory enforcement powers and responsibilities under IGRA to regulate tribal gaming activities. The Chair of the NIGC is the chief executive officer of the NIGC and has powers and responsibilities under IGRA, including but not limited to the power and responsibility to approve or disapprove management contracts for the operation of gaming activities. The position of the Chair is currently vacant and therefore the true names and capacities of Defendants DOES ONE through TEN are unknown to Picayune, and Picayune will amend this complaint to allege such names and capacities once ascertained.

10. Nominal Defendant Station Casinos LLC is a Nevada limited liability company established in 1976 that owns and operates seven major gaming facilities and 10 smaller casino properties in the Las Vegas regional market. Station Casinos LLC has its principal offices located at 1505 South Pavilion Center Drive, Las Vegas, Nevada 89135.

11. Nominal Defendant SC Madera Management, LLC is a California limited liability company established in 2003 and a subsidiary of Station Casinos LLC. SC Madera Management, LLC serves as the operation and management partner for the North Fork Project. SC Madera Management, LLC has its principal offices located at 1505 South Pavilion Center Drive, Las Vegas, Nevada 89135.

12. Nominal Defendant Red Rock Resorts, Inc. is a Delaware corporation formed in 2015 to manage and own an indirect equity interest in Station Casinos LLC. Red Rock Resorts, Inc. owns all the outstanding voting interests in Station Casinos LLC and has an indirect equity interest in Station Casinos LLC through its ownership of limited liability interests in Station Holdco LLC, which owns all of the economic interests in Station Casinos LLC. As of March 31, 2026, Red Rock held 59% of the economic interests and 100% of the voting power in Station Holdco LLC, and is designated as the sole managing member of both Station Casinos LLC and Station Holdco LLC. Red Rock has its principal offices located at 1505 South Pavilion Center Drive, Las Vegas, Nevada 89135.

13. On information and belief, Picayune alleges that Station Casinos LLC, SC Madera Management, LLC, or Red Rock Resorts, Inc. (or multiple parties) is a party to the Management Contract at issue in this action, or are contemplated to benefit thereby.

14. On information and belief, Nominal Defendants Red Rock Resorts, Inc., Station Casinos LLC, and SC Madera Management, LLC are acting in concert with each other and operating, in effect, as a single integrated business enterprise, alter ego, and/or principal and agent of one another with respect to the development and operation of the North Fork Project and the continued effort to offer gaming on the Madera Parcel.

JURISDICTION AND VENUE

15. This case presents federal questions under the laws of the United States, including the Administrative Procedure Act (“APA”), 5 U.S.C. § 701 *et seq.*, and IGRA.

16. The Court has jurisdiction over this action under 28 U.S.C. § 1362, which grants district courts original jurisdiction for all civil actions brought by any Indian tribe or band with a

governing body duly recognized by the Secretary, wherein the matter in controversy arises under the Constitution, law, or treaties of the United States.

17. The Court has jurisdiction over Picayune’s claims against the NIGC and its Chair under 28 U.S.C. § 1331, which “confer[s] jurisdiction on federal courts to review agency action.” *Oryszak v. Sullivan*, 576 F.3d 522, 525 (D.C. Cir. 2009) (quoting *Califano v. Sanders*, 430 U.S. 99, 105 (1977)). Under the APA, the United States’ sovereign immunity does not bar the asserted claims because Picayune seeks relief other than money damages. 5 U.S.C. § 702. The Court also has jurisdiction over Picayune’s claims against North Fork under 28 U.S.C. § 1331.

18. The NIGC’s approval of the Management Contract is a final agency action and may be challenged in district court by way of an APA action. *See* 25 U.S.C. § 2714; 5 U.S.C. § 704.

19. An actual, justiciable controversy now exists between Picayune and the NIGC, and the requested relief is proper under applicable law. 28 U.S.C. §§ 2201-2202; 5 U.S.C. § 706(2).

20. The Court has jurisdiction over the cause of action against North Fork under 25 U.S.C. § 2710, which confers jurisdiction on the federal district courts for “any cause of action initiated by a State or Indian tribe to enjoin a class III gaming activity located on Indian lands and conducted in violation of any Tribal-State compact[.]” 25 U.S.C. § 2710(d)(7)(A)(ii); *see Comanche Nation v. Ware*, 174 F.4th 717, 728-29 (10th Cir. 2026). Because Tribal-State compacts are “functionally equivalent” to Secretarial Procedures, jurisdiction extends to causes of actions arising from violations of Secretarial Procedures. *Blue Lake Rancheria v. Kalshi Inc.*, 2025 WL 3141202 at *5 (N.D. Cal. Nov. 10, 2025); *Stand Up for California! v. U.S. Dept. of the Interior*, 959 F.3d 1154, 1160 (9th Cir. 2020).

21. Congress’s enactment of 25 U.S.C. § 2710(d)(7)(A)(ii) “partially abrogate[d] tribal sovereign immunity[.]” allowing this court to exercise jurisdiction over North Fork. *Michigan v. Bay Mills Indian Cmty.*, 572 U.S. 782, 791 (2014).

22. Venue is proper in this district under 28 U.S.C. § 1391(b) and (e) because a substantial part of the events or omissions giving rise to Picayune’s claims occurred in Madera County, and a substantial part of the property that is the subject of this action is situated in Madera

County. Pursuant to Local Rule 120(d), this action is being commenced in the Court's Fresno Division.

23. North Fork has repeatedly intervened when its entitlements to gaming were at stake in prior litigation, including in state court. *See, e.g., Stand Up for California! v. U.S. Dep't of the Interior*, 204 F. Supp. 3d 212 (D.D.C. 2016), *aff'd*, 879 F.3d 1177, 1192 (D.C. Cir. 2018); *Stand Up for California! v. State of California*, 6 Cal.App.5th 686 (2016), *rev'd and remanded*, 64 Cal.App.5th 197, 216 (2021); *Picayune Rancheria of Chukchansi Indians v. U.S. Dep't of the Interior*, No. 1:16-cv-00950-AWI-EPG, 2017 WL 3581735 (E.D. Cal. Aug. 18, 2017); *Stand Up for California! v. U.S. Dep't of the Interior*, 328 F. Supp. 3d 1051 (E.D. Cal. 2018), 959 F.3d 1154, 1157 (9th Cir. 2020), *aff'd in part, vacated in part, and remanded*, 552 F. Supp. 3d 962 (E.D. Cal. 2021); *Picayune Rancheria of Chukchansi Indians v. North Fork Rancheria of Mono Indians*, 117 Cal.App.5th 91 (2025).

STANDING

24. Picayune conducts lawful gaming activities at its Chukchansi Gold Resort and Casino and would face competition and not be able to govern itself effectively on its Picayune Rancheria ("Reservation") if North Fork's planned unlawful gaming occurs.

25. Picayune members live in or around Madera County, California, and depend on gaming revenues for essential services.

26. IGRA "provide[s] a statutory basis for the operation of gaming by Indian tribes as a means of promoting tribal economic development, self-sufficiency, and strong tribal governments[,] and is intended for the benefit of all Indian tribes, including Picayune. 25 U.S.C. § 2702. Picayune has a legally protected interest in the conduct of lawful gaming activities on its Indian lands because those activities are authorized by and conducted in accordance with IGRA.

27. Picayune has a legally protected interest in, and relies on the NIGC's proper fulfillment of, the NIGC's statutory obligations to authorize Indian tribes to conduct lawful gaming activities only in accordance with IGRA.

28. Picayune's legally protected interest in its lawful gaming at its Chukchansi Gold Resort and Casino has been injured by the unlawful approval of the Management Contract by the

1 Chair, and by North Fork's and Red Rock's reliance on the Chair's unlawful approval of the
2 Management Contract to develop a casino and resort facility that would compete with the lawful
3 gaming Picayune offers. If North Fork and Red Rock are allowed to conduct illegal gaming on the
4 Madera Parcel pursuant to the North Fork Project, Picayune's gaming revenue from its Chukchansi
5 Gold Resort and Casino will be substantially reduced, preventing Picayune from providing essential
6 governmental programs, benefits, and services to its members, and interfering with the ability of
7 Picayune to govern itself under its own laws on its Reservation.

8 29. Picayune's legally protected interest in its lawful gaming also faces imminent injury
9 from unlawful gaming on the Madera Parcel. Despite the California Court of Appeal's decision
10 confirming that a necessary predicate for gaming to occur on the Madera Parcel (the Governor's
11 concurrence) never had any effect, *Picayune Rancheria of Chukchansi Indians*, 117 Cal.App.5th
12 91 (2025), North Fork has stated it is committed to completing construction of the North Fork
13 Project and offering class III gaming activities on lands that are not eligible for such gaming under
14 IGRA and North Fork's Secretarial Procedures. The unlawful gaming activities at North Fork's
15 casino will directly compete with the lawful gaming activities that Picayune offers at its Chukchansi
16 Gold Resort and Casino.

17 30. The off-reservation North Fork Project—intentionally located close to major
18 highways and population centers instead of on North Fork's Rancheria lands—would unfairly
19 compete with Picayune's lawful gaming operations at the Chukchansi Gold Resort and Casino,
20 which is located further from major highways and population centers on Picayune's Rancheria
21 lands. Conducting unlawful gaming on the Madera Parcel would lead to substantial reductions in
22 gaming revenues at the Chukchansi Gold Resort and Casino, thereby causing significant financial
23 harm to Picayune and its members and interfering with Picayune's ability to support its members
24 through government programs and services funded with gaming revenues.

25 31. Picayune's allegations are ripe for judicial determination. In January 2024, Red
26 Rock published statements that North Fork and Red Rock view the approval of the Management
27 Contract as a "pivotal milestone in advancing the North Fork Project" and that they intend to
28

1 proceed with construction of the casino.¹ According to Red Rock and North Fork, under the
 2 Management Contract “the Tribe will, with Station’s assistance, develop and operate a gaming and
 3 entertainment facility (the ‘North Fork Project’) on a 305-acre parcel of land adjacent to Highway
 4 99 north of the City of Madera, California[.]”²

5 32. Red Rock shares an interest with North Fork in the validity or invalidity of the
 6 Management Contract. In January 2024, the Chairperson of North Fork, Fred Beihn, stated “[t]he
 7 North Fork Rancheria is delighted with the approval of the Management Contract with our
 8 development partner, Station Casinos[.]” observing that North Fork was “grateful to have a partner
 9 so committed to the principles of tribal sovereignty and to bringing the full benefits of tribal gaming
 10 to our Tribe and community.”³ And in May 2025, Mr. Beihn remarked that “Red Rocks [sic]
 11 Resorts and its affiliate Station Casino have been constant, dedicated partners of the tribe for over
 12 20 years[.]”⁴ Contracts between Red Rock and North Fork entitle North Fork to a management fee
 13 of 30% of net income from the North Fork Project, plus a development fee of 4% of construction
 14 costs. Red Rock Resorts, Inc., Form 10-Q for the Quarter Ended June 30, 2026, at 12 (Note 3).

15 33. Beyond contracting for future profits, Red Rock has bankrolled both the project’s
 16 development and its legal defense for over a decade. As Red Rock disclosed in its SEC filings, the
 17 company “has paid approximately \$76.8 million of reimbursable advances to the Mono, primarily
 18 to complete the environmental impact study, purchase the North Fork Site and pay the costs of
 19 litigation.” Red Rock Resorts, Inc., Form 10-Q for the Quarter Ended September 30, 2024, at 12
 20 (Note 3). By April 2025, those advances had grown to “approximately \$117.1 million.” Red Rock
 21 Resorts, Inc., Form 10-Q for the Quarter Ended March 31, 2026, at 10 (Note 3).

34. North Fork and Red Rock intend to engage in unlawful gaming at the North Fork Project despite recent decisions from California courts making it clear that such gaming would be unlawful. In May 2025, approximately one year after a California trial court confirmed that North Fork lacks the state-law approval necessary to conduct gaming at its planned casino, North Fork announced that it secured a “nearly \$725.0 million” loan to finance development of the casino—demonstrating North Fork’s intent to proceed with the project notwithstanding the adverse decisions in the California courts.⁵ As of June 5, 2026, after the California Court of Appeal’s decision had become final, the website for the North Fork Mono Casino & Resort states that construction of the casino “has begun and will continue to ramp up in the next few months[,]” and that North Fork and Red Rock are anticipating “a grand opening date in Fall 2026!”⁶ And by June 30, 2026, slot machines had been delivered and were placed on the casino floor at the North Fork Project.⁷

LEGAL FRAMEWORK

35. The Johnson Act of 1951 prohibits the transport, possession, or use of “any gambling device . . . within Indian country[.]” 15 U.S.C. § 1175(a).

36. In 1988, Congress enacted IGRA to create a regulatory framework for tribal gaming that balances the interests of Indian tribes, states, and the federal government. *Amador Cnty., Cal. v. Salazar*, 640 F.3d 373, 376 (D.C. Cir. 2011) (citing *see* 25 U.S.C. §§ 2701, 2702).

37. IGRA provides for gaming only on “Indian lands,” which are defined to include “lands within the limits of any Indian reservation” as well as lands “held in trust by the United States for the benefit of any Indian tribe[.]” 25 U.S.C. §§ 2703(4), 2710(d)(1).

38. IGRA provides a narrow exemption from the Johnson Act’s prohibition on the transport, possession, or use of gambling devices within Indian country. *See* 25 U.S.C. § 2710(d)(6); *Stand Up for California! v. U.S. Dep’t of the Interior*, 959 F.3d 1154, 1159 (9th Cir. 2020).

39. Not all Indian lands are eligible for gaming under IGRA. Under section 20 of IGRA, Indian tribes are generally prohibited from conducting gaming on land that was acquired and taken into trust for the benefit of an Indian tribe after October 17, 1988. 25 U.S.C. § 2719(a).

40. IGRA provides limited exceptions to the general prohibition on gaming on after-acquired lands. *See* 25 U.S.C. § 2719(b)(1)-(3). Under one such exception, commonly referred to as the “two-part determination” exception, gaming may occur on lands acquired after 1988 if the Secretary “determines that a gaming establishment on newly acquired lands would be in the best interest of the Indian tribe and its members, and would not be detrimental to the surrounding community, but only if the Governor of the State in which the gaming activity is to be conducted concurs in the Secretary’s determination[.]” 25 U.S.C. § 2719(b)(1)(A); *see* 25 C.F.R. § 292.13. The validity of a governor’s concurrence is governed by state law. *Confederated Tribes of Siletz Indians of Oregon v. United States*, 110 F.3d 688, 697 (9th Cir. 1997) (“If the Governor concurs, or refuses to concur, it is as a State executive, under the authority of state law. The concurrence (or lack thereof) is given effect under federal law, but the authority to act is provided by state law.”); *United Auburn Indian Cmty. of Auburn Rancheria v. Newsom (United Auburn)*, 10 Cal.5th 538, 548 (2020); *Stand Up for California! v. State*, 64 Cal.App.5th 197, 202 (2021) (“IGRA does not grant the Governor the authority to concur—that authority must come from state law.”).

41. IGRA also contemplates that tribes may enlist others to assist in the development and operation of gaming facilities. Under IGRA and regulations promulgated thereunder, an Indian tribe may enter into a management contract for the operation and management of a gaming facility, subject to approval by the Chair of the NIGC. *See* 25 U.S.C. § 2710(d)(9); 25 C.F.R. § 533.1.

42. Under 25 C.F.R. part 531, any management contract must “[p]rovide that all gaming covered by the contract will be conducted in accordance with the Indian Gaming Regulatory Act[.]” 25 C.F.R. § 531.1(a); *AT & T Corp. v. Coeur d’Alene Tribe*, 295 F.3d 899, 909 (9th Cir. 2002) (“The NIGC is statutorily obliged to reject any [gaming] proposal that does not conform to IGRA.”).

43. The Chair may approve a management contract only if it meets the standards of 25 C.F.R. part 531 and section 533.3. *See* 25 C.F.R. § 533.6(a). Management contracts that have not

1 been approved by the Chair in accordance with the requirements of 25 C.F.R. part 531 are void.
 2 *See* 25 C.F.R. § 533.7.

3 44. Separate from a governor's concurrence or any management contract, IGRA
 4 provides that class III gaming must be "conducted in conformance with a Tribal-State compact
 5 entered into by the Indian Tribe and the State[.]" 25 U.S.C. § 2710(d)(1)(C). Procedures issued
 6 by the Secretary are "functionally equivalent" to a Tribal-State compact for purposes of IGRA.

8 BACKGROUND

9 A. The North Fork Project.

10 45. North Fork, with assistance from Red Rock, seeks to develop the North Fork Project
 11 on the Madera Parcel. The Madera Parcel is located adjacent to State Route 99, a heavily-trafficked
 12 highway that runs through the major cities of California's Central Valley. The Madera Parcel is
 13 approximately 39 miles from Picayune's Chukchansi Gold Resort and Casino and is not on North
 14 Fork's 80-acre Rancheria.

15 46. The fastest and most direct route to Picayune's Chukchansi Gold Resort and Casino
 16 for patrons driving from major population centers in the Central Valley or elsewhere in California
 17 is via State Route 99 and then State Route 41, a smaller, less-trafficked highway. Many of those
 18 patrons must pass the exit to the Madera Parcel on State Route 99 on the way to the Chukchansi
 19 Gold Resort and Casino.

20 B. The Governor's Purported 2012 Concurrence, Proposition 48, and Related 21 Litigation.

22 47. In 2011, the Secretary issued a favorable two-part determination regarding gaming
 23 on the Madera Parcel. The Secretary then requested the Governor's concurrence in the two-part
 24 determination.

25 48. In August 2012, the Governor purported to issue a concurrence in the Secretary's
 26 two-part determination. On the same day, the Governor also purported to approve a Tribal-State
 27 Compact with North Fork.
 28

1 49. The concurrence and Tribal-State Compact were swiftly challenged by a statewide
2 voter initiative known as Proposition 48, as well as subsequent litigation concerning the validity of
3 the concurrence under California law. *See Stand Up for California! v. State of California*, 64
4 Cal.App.5th 197, 202-06 (2021) (describing the history of Proposition 48 and related legal
5 challenges).

6 50. In March 2016, Picayune brought an action in the Superior Court for the County of
7 Madera to challenge the validity of the Governor’s concurrence for the North Fork Project in the
8 wake of Proposition 48. That litigation was stayed pending resolution of related litigation before
9 the California Court of Appeal and California Supreme Court.

10 51. The Secretary issued Secretarial Procedures for the Madera Parcel in July 2016.
11 Those Secretarial Procedures permit class III gaming only “on eligible Indian lands held in trust for
12 the Tribe, located within the boundaries of the Madera Parcel . . . and on which Class III Gaming
13 may lawfully be conducted under IGRA.” Secretarial Procedures § 4.2 (Authorized Gaming
14 Facility).

15 52. In 2020, the California Supreme Court took up two cases related to the Governor’s
16 concurrence power. One of those cases, *Stand Up for California!*, addressed the concurrence for
17 the North Fork Project under California law. *Stand Up for California! v. State of California*
18 (S239630, Cal. S. Ct. Mar. 22, 2017). The other case was *United Auburn*, which became the lead
19 case. In its decision in *United Auburn*, the California Supreme Court held that, while the Governor
20 had the power to concur in the Secretary’s determination for purposes of IGRA’s two-part
21 determination exception, such power is not “indefeasible[.]” *United Auburn* at 555, 563. Following
22 its decision in *United Auburn*, the California Supreme Court remanded *Stand Up for California!* to
23 the California Court of Appeal. *See Stand Up for California!*, 64 Cal.App.5th at 206.

24 53. On remand, the California Court of Appeal found that the People retained the power
25 to annul a Governor’s concurrence since the Governor’s power was not “indefeasible[.]” *Stand Up*
26 *for California!*, 64 Cal.App.5th at 211-12. The Court of Appeal further concluded that the People
27 exercised that power when voting on Proposition 48 in 2014, finding that vote “is reasonably
28 interpreted as an expression of [the voters’] intent to reject class III gaming on the 305-acre Madera

1 site taken into trust in February 2013.” *Stand Up for California!*, 64 Cal.App.5th at 216. The Court
 2 of Appeal therefore held that the People’s vote on Proposition 48 “impliedly expressed their will
 3 to annul” the Governor’s concurrence for the Madera Parcel, *id.*, and “[a]s a result, the concurrence
 4 is no longer valid,” *id.* at 201. The California Supreme Court subsequently denied North Fork’s
 5 petition for review in April 2026.

6 **C. California Courts Confirm the Governor’s Concurrence Was Never Valid.**

7 54. As noted, the Superior Court stayed litigation between Picayune, North Fork, and
 8 the Governor pending resolution of *United Auburn* and *Stand Up for California!*. The Superior
 9 Court lifted that stay shortly after the Court of Appeal’s decision in *Stand Up for California!* in
 10 May 2021. And while the decision in *Stand Up for California!* resolved much of the dispute
 11 between the parties, North Fork and Picayune continued to disagree on whether the Governor’s
 12 2012 concurrence ever had legal effect. Picayune maintained that because the concurrence was
 13 “annulled,” it was void ab initio and never had legal effect, while North Fork argued that it did have
 14 legal effect for some period of time, and that North Fork could rely on that effect to bring itself
 15 within the two-part determination exception to IGRA’s ban on gaming on after-acquired lands.

16 55. During the litigation in the California Superior Court—and despite the 2021
 17 decision in *Stand Up for California!*—North Fork and its developer partner, Red Rock, continued
 18 to pursue gaming activities on the Madera Parcel.

19 56. On or about November 7, 2023, North Fork, Red Rock, and the North Fork
 20 Rancheria Economic Development Authority (the “Authority”) executed the Management Contract.
 21 Pursuant to the Management Contract, Red Rock has committed to assisting North Fork and the
 22 Authority in operating the North Fork Project on the Madera Parcel.

23 57. In May 2024, the Superior Court, applying the decision in *Stand Up for California!*,
 24 confirmed that the Governor’s concurrence never had legal effect. The court noted that *Stand Up*
 25 *for California!* “clearly interpreted” the vote on Proposition 48 as foreclosing gaming on the
 26 Madera Parcel, and thus “the correct definition of annul is the one that supports this outcome to the
 27 extent controlled by state law, meaning that the Governor’s concurrence has been retroactively
 28 determined to have never been effective.” *Picayune Rancheria of the Chukchansi Indians v. Brown*

1 *et el.*, MCV 072004 (Cal. Super. Ct. July 8, 2024) (Notice of Entry of Judgment at 24). The
 2 Superior Court then entered judgment in favor of Picayune, holding that “[t]hrough the People’s
 3 vote on Proposition 48, the Governor’s concurrence has been annulled rendering it void *ab initio*,
 4 and as such the Governor’s concurrence never took effect and is not in effect.” *Id.* at 5.

5 58. On December 16, 2025, the California Court of Appeal affirmed the Superior
 6 Court’s judgment. *See Picayune Rancheria of Chukchansi Indians v. North Fork Rancheria of*
 7 *Mono Indians*, 117 Cal.App.5th 91 (2025).

8 59. On April 1, 2026, the California Supreme Court denied North Fork’s request for
 9 review, rendering the Superior Court’s July 2024 judgment final for all purposes.

10 60. Despite that final California decision, North Fork and Red Rock have continued
 11 construction of the North Fork Project and demonstrated their intent to have a grand opening of the
 12 casino in the Fall of 2026. That casino would make 2,400 slot machines and 40 house-banked card
 13 and percentage games open to the public.

14 61. On August 12, 2026, North Fork released a public video showing that as of June 30,
 15 2026, slot machines had been delivered and were placed on the casino floor at the North Fork
 16 Project.

17 **FIRST CAUSE OF ACTION**
 18 **(Violation of the APA)**

19 62. Picayune re-alleges and incorporates by reference all allegations contained in the
 20 foregoing paragraphs.

21 63. IGRA provides that the Chair’s approval of a management contract represents a final
 22 agency decision that is subject to challenge in the federal district court pursuant to the APA. 25
 23 U.S.C. § 2714.

24 64. Under the APA, a “reviewing court shall . . . hold unlawful and set aside agency
 25 action, findings, and conclusions found to be [] arbitrary, capricious, an abuse of discretion, or
 26 otherwise not in accordance with law[.]” 5 U.S.C. § 706(2)(A), (D).

27 65. For class III gaming to occur lawfully on the Madera Parcel, the site must qualify
 28 for an exception under IGRA. *See* 25 U.S.C. § 2719(a).

66. North Fork purports to rely on IGRA’s “two-part determination” exception to conduct gaming on the Madera Parcel. That exception requires a valid determination from the Secretary “that a gaming establishment on [the Madera Parcel] would be in the best interest of the Indian tribe and its members, and would not be detrimental to the surrounding community,” as well as a valid “concur[rence]” in that determination from the Governor. 25 U.S.C. § 2719(b)(1)(A).

67. The validity of a Governor’s concurrence is a matter of state law. *Confederated Tribes of Siletz Indians of Oregon*, 110 F.3d at 698; *see United Auburn*, 10 Cal.5th at 548.

68. The California courts have held that, under California law, the Governor’s concurrence for the Madera Parcel was void ab initio and never had legal effect. *See Picayune Rancheria of Chukchansi Indians*, 117 Cal.App.5th at 114; *see also Stand Up for California!*, 64 Cal.App.5th at 216; *United Auburn*, 10 Cal. 5th at 548.

69. Because the Governor never issued a valid concurrence, the Madera Parcel does not qualify for IGRA’s two-part determination exception.

70. The Madera Parcel also does not qualify for any other IGRA exception that would allow class III gaming to occur on that site.

71. The Chair may approve a management contract only if all gaming covered by the contract will be conducted in accordance with IGRA. 25 C.F.R. §§ 531.1(a), 533.6(a); *AT & T Corp.*, 295 F.3d at 909 (“The NIGC is statutorily obliged to reject any [gaming] proposal that does not conform to IGRA.”).

72. Because the Madera Parcel does not qualify for any IGRA exception necessary to conduct gaming, the Chair’s approval of the Management Contract was arbitrary, capricious, an abuse of discretion, or otherwise contrary to law and must be vacated.

73. Additionally, the Johnson Act, 15 U.S.C. § 1175, prohibits the transport, possession, or use of any gambling device within the United States or Indian country, as that term is defined in 18 U.S.C. § 1151. The Madera Parcel is Indian country. *See id.*

74. Because the Madera Parcel does not qualify for any IGRA exception necessary to conduct class III gaming, no IGRA exemption from the Johnson Act applies. North Fork’s gaming

1 therefore violates the Johnson Act, and the Chair’s approval of the Management Contract was
 2 arbitrary, capricious, an abuse of discretion, or otherwise contrary to law and must be vacated.

3 **SECOND CAUSE OF ACTION**
 4 **(Violation of Secretarial Procedures; Asserted Against North Fork)**

5 75. Picayune re-alleges and incorporates by reference all allegations contained in
 6 paragraphs 1 through 61.

7 76. IGRA establishes a right of action by an “Indian tribe to enjoin a class III gaming
 8 activity located on Indian lands and conducted in violation of any Tribal-State compact [or
 9 equivalent Secretarial Procedures] . . . that is in effect[.]” 25 U.S.C. § 2710(d)(7)(A)(ii).

10 77. Under IGRA, Class III gaming may be conducted only in conformance with either
 11 a Tribal-State compact or functionally equivalent Secretarial Procedures. *See* 25 U.S.C. § 2710
 12 (d)(7)(B)(vii); *Blue Lake Rancheria*, 2025 WL 3141202 at *5; *Stand Up for California!*, 959 F.3d
 13 at 1160.

14 78. North Fork’s Secretarial Procedures limit class III gaming to “eligible Indian lands
 15 held in trust for the Tribe, located within the boundaries of the Madera Parcel . . . and on which
 16 Class III Gaming may lawfully be conducted under IGRA.” Secretarial Procedures § 4.2
 17 (Authorized Gaming Facility).

18 79. For class III gaming to occur lawfully on the Madera Parcel, the site must qualify
 19 for an exception under IGRA. *See* 25 U.S.C. § 2719(a).

20 80. North Fork purports to rely on IGRA’s “two-part determination” exception to
 21 conduct gaming on the Madera Parcel. That exception requires a valid determination from the
 22 Secretary “that a gaming establishment on [the Madera Parcel] would be in the best interest of the
 23 Indian tribe and its members, and would not be detrimental to the surrounding community,” as well
 24 as a valid “concur[rence]” in that determination from the Governor. 25 U.S.C. § 2719(b)(1)(A).

25 81. The validity of a Governor’s concurrence is a matter of state law. *Confederated*
 26 *Tribes of Siletz Indians of Oregon*, 110 F.3d at 698; *see United Auburn*, 10 Cal.5th at 548.

27 82. The California courts have held that, under California law, the Governor’s
 28 concurrence for the Madera Parcel was void ab initio and never had legal effect. *See Picayune*

1 *Rancheria of Chukchansi Indians*, 117 Cal.App.5th at 114; *see also Stand Up for California!*, 64
2 Cal.App.5th at 216; *United Auburn*, 10 Cal. 5th at 548.

3 83. Because the Governor never issued a valid concurrence, the Madera Parcel does not
4 qualify for IGRA's two-part determination exception.

5 84. The Madera Parcel also does not qualify for any other IGRA exception that would
6 allow class III gaming to occur on that site.

7 85. Because the Madera Parcel does not qualify for any IGRA exception necessary to
8 conduct class III gaming, the site does not qualify as "eligible Indian lands . . . on which Class III
9 Gaming may lawfully be conducted " under IGRA or the Secretarial Procedures. Accordingly, any
10 class III gaming on the Madera Parcel would be in violation of the Secretarial Procedures.

11 86. Prior to the decision by the California Court of Appeal in *Picayune Rancheria of*
12 *Chukchansi Indians*, 117 Cal.App.5th 91, North Fork took the position that the Governor's 2012
13 concurrence remained valid until it was annulled by Proposition 48, and the temporary validity of
14 the Governor's concurrence was sufficient to bring North Fork within IGRA's two-part
15 determination exception such that North Fork could lawfully conduct gaming activities on the
16 Madera Parcel pursuant to IGRA.

17 87. In *Picayune Rancheria of Chukchansi Indians*, 117 Cal.App.5th at 114, the Court of
18 Appeal confirmed Proposition 48 rendered the Governor's concurrence void ab initio such that it
19 never had legal effect under California law.

20 88. The decision in *Picayune Rancheria of Chukchansi Indians*, 117 Cal.App.5th 91,
21 became final in April 2026. Since that time, North Fork has issued statements and taken actions,
22 including transporting and placing slot machines onto the Madera Parcel, that notwithstanding the
23 final decision in *Picayune Rancheria of Chukchansi Indians*, demonstrate that North Fork clearly
24 and positively intends to conduct class III gaming at the Madera Parcel without a valid Governor's
25 concurrence and in violation of IGRA.

26 89. An actual case or controversy exists between Picayune and North Fork and Red
27 Rock in that North Fork contends that it and Red Rock have the right to conduct class III gaming
28

1 on the Madera Parcel pursuant to the Secretarial Procedures, while Picayune contends that such
2 gaming would violate the Secretarial Procedures, IGRA, and California law.

3 **PRAYER FOR RELIEF**

4 WHEREFORE, Picayune prays for entry of judgment in its favor and against the NIGC, its
5 Chair, North Fork, and Red Rock and seeks relief that includes the following:

6 1. A judicial declaration to the effect that the Chair's approval of the Management
7 Contract was arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law;

8 2. An order directing the NIGC and the Chair to set aside the Chair's approval of the
9 Management Contract;

10 3. A judicial declaration to the effect that in the absence of a valid Governor's
11 concurrence, the Madera Parcel does not qualify for the two-part determination exception to the
12 general bar on gaming on lands taken into trust after October 17, 1988;

13 4. An order enjoining all unlawful gaming, based on violations of Secretarial
14 Procedures or otherwise, on the Madera Parcel, including both preliminary and permanent
15 injunctive relief, as against any and all individuals and entities engaged in such activities;

16 5. An award of costs in favor of Picayune, including reasonable attorneys' fees; and

17 6. Such other and further relief as the Court deems just and proper.
